

## Premodern Euro Champs: Info about prizes

**Note that both posters (next pages) represent the prizes that will be distributed if the main event has an attendance of eighty or more players. In case of a total attendance of seventy-nine or less players, the total prize sum will be scaled down in proportion to the number of players** (net of fixed costs), and awarded in the form of "tix", which can be exchanged for prizes on the prize wall (see below). For example, in the case of 40 players attending, the total prize payout will be around € 1,000. The distribution of the prizes is as follows:

1°: 22% tix

2°: 14% tix

3° and 4°: 10% tix each

5° to 8°: 7% tix each

Raffles: a total of eight with 2% tix each

In Tempest Store, the value of 1 prize tix equals € 1. The tix can be exchanged for any product from our exclusive prize wall for the event, in value 1 = 1, or the store itself can acquire them in the following percentage: 1 tix = € 0.80.

Also, there will be four *exclusive tokens* for each participant to choose among: (2/2 black zombie, 1/1 red goblin, 1/1 green squirrel, 1/1 white soldier) and an *exclusive playmat for the winner!*
